This Flood update message is dated Wednesday 19th February 2014 for the Whole Area.

Multi-agency community hubs have been set-up to provide temporary points of contact for residents in the most affected areas of the floods.

The hubs, which can provide helpful information and advice, are due to open to the public this morning (19/2).

They will be initially staffed by representatives from Thames Valley Police's Neighbourhood Teams and the local authority. They will be joined by other key partner agencies with the aim of helping residents' lives return to normality following the severe flooding in the area.

One of the hubs will operate from Datchet Parish Council offices, in Allen Way, from 9am to 7pm.

The second will be situated within Wraysbury Baptist Hall, in High Street, from 9am to 7pm.

The final arrangements are being made for a third hub which will serve people living in the Bisham/Cookham/Hurley area.

Details will be made available once they have been confirmed.

Eyes and Ears.
