

# **HORTON & WRAYSBURY NEIGHBOURHOOD PLAN**

## **Steering Group meeting notes: Tuesday, April 19, 2016**

Held at Wraysbury Village Hall, 2.00pm

**SG Members present:** Margaret Lenton, Peter Lord, Diana Hughes, Lynn Holden, Fred Parsons.

**Apologies:** Betty Marlow, Eileen Coogan, Julie Gomme, Dawn Funnell.

### **1. Review of the Open Day:**

A decent turn-out was reported for our feedback Open Day on Saturday, April 9.

There were 160 who signed in, but there were several who didn't – either partners or visitors who skipped the process. So we estimate that nearly 200 attended the event.

Visitors made comments on the policy proposals by way of post-it notes and FP has analysed these.

Mostly respondents were in favour of the policy ideas, especially strong were the Building Design policies and derelict buildings.

Agreed that the post-it note comments need to be photographed/scanned as evidence.

*PL agreed to take care of this and to organise screen shots of relevant comments on village Facebook site.*

The feedback survey on policy ideas will now continue online via the Neighbourhood Plan website until end of April. FP to arrange publicity posters for village shops and through Wraysbury News Facebook page. Parish councillor Lora Andrews agreed to help widen publicity through various contact groups.

### **2. Identifying open green space to preserve**

There is a list of local green spaces that the Plan should preserve that is in the NP Draft Plan (page 25). Also a list (Page 23) of Community Facilities of Value to protect.

Steering Group members are requested to check these and to suggest any others that could go into the NPlan.

### **3. The Neighbourhood Plan Draft**

LH is co-ordinating this and updating, and will send round to group for comments.

FP to liaise with John Slater regarding guidance on the main planning policies.

### **4. Footpaths**

Noted that FP is liaising with parish councillor Sue Nicholls and RK Leisure on seeking access to footpaths along Wraysbury 2 lake on a formal permitted basis.
