

NEIGHBOURHOOD PLAN STEERING GROUP
Steering Group meeting, Wednesday, August 6, 2014
at Horton

Present: Samantha Rayner, Margaret Lenton, Peter Lord, Fred Parsons, Colin Rayner, Diana Hughes
Apologies: Andrew Davies, Phil Gill (RBWM)

Steering Group

It was reported to the Group that at the recent Horton Parish Council meeting it was decided that Horton would continue with Wraysbury, and that both Samantha and Colin Rayner were confirmed as members of the NP Steering Group, representing Horton.

They had previously withdrawn from the Group over an issue raised at an earlier Horton PC meeting relating to concerns over disclosable interests. That matter has now been resolved and that Horton councillors Eileen Coogan and Gordon Hall would act as substitutes.

SR reported that it was decided there would be a neighbourhood consultation event prior to the next Horton

Parish Council meeting on 11th September at Champney Hall, Horton, starting at 6.30pm.

The meeting agreed that Diana Hughes should be co-opted on to the Steering Group and will cover both Horton and Wraysbury as specialist planning member.

Publicity

FP said that the publicity leaflets were now at the printers and there will be 2,200 sent to the distribution company who will start delivering to the two parishes from August 8.

The remaining 300 will be kept back, to be put out where necessary.

CR said that it was important for the Plan to have plenty of publicity.

It was agreed that the proposed Facebook page – which would be just informative not interactive - should be launched around August 18 to help raise public awareness while the leaflets are being distributed. The page would have links to Wraysbury News page which has a good local following.

Our website, too, would be updated with latest information.

Questionnaire.

PL said he had put together the questions for each topic to go on the website.

The meeting then discussed the various questions and made amendments accordingly.

PL said he would make the adjustments and send out the new versions, and would all members please let him know whether or not they were satisfied with the revised versions.

Display Boards for consultation events

FP reminded that PG had reserved seven display stands for us to use on which we can mount our poster displays for the events.

The student working with PG had forwarded some good ideas for the posters and FP requested that each topic group leader make suggested amendments to their board, as what was produced was only a guide to their content. The wording particularly needs to be checked.

PL said he would be able to work on the Powerpoint posters to make the amendments on them.

FP said that the posters need to be at the printers by August 26.
